

PRIMARY PE AND SPORT PREMIUM REPORT 2017 – 2018

Primary PE and Sport Premium Awarded

Total Number of Pupils on Roll	109 (Year 1 – Year 6)
Value of PPSPG	£17,090

Summary of PPSP 2017 - 2018

Primary PE and Sport Premium is an amount of ring-fenced funding which the government has agreed to allocate to schools. The funding amount received by schools is based upon the number of children of primary age at the school. The amount significantly increased in 2017-2018. The PE and Sport Premium must be used to fund **additional and sustainable improvements** to the provision of PE and Sport. The PE and Sport Premium should develop or add to the PE and sport activities that the school already offers and should **build capacity and capability** with the school to ensure that improvements made now will benefit pupils joining the school in future years. For 2017 – 2018 it should also be used to encourage the development of healthy, active lifestyles.

There are 5 key indicators that schools should expect to see improvement across:

- the engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
- the profile of PE and sport is raised across the school as a tool for whole-school improvement
- increased confidence, knowledge and skills of all staff in teaching PE and sport
- broader experience of a range of sports and activities offered to all pupils
- increased participation in competitive sport

At Bentham Primary School, Mrs. Pearson is the P.E. and Sport Leader with responsibility for developing sport and effective use of the PE and Sport Premium Funding together with our senior leadership team and governing body. Our school already has a good reputation for our PE and Sport as we strive to promote healthy and active

lifestyles and aim to provide sporting opportunities for all our pupils. We welcome the additional funding, which will further enhance our provision and provide additional opportunities for increased participation.

The Governors will be kept up to date with how the PE and Sport Premium is being used in school and its impact. The impact of the PE and Sport Premium will be evaluated through staff and pupil voice as well as through an analysis of the uptake of activities and interest in sports. A log of events and activities will be kept on a PE board in school as well as updates on the school website and in the Friday News. The children will also be involved in decisions regarding the use of the PE and Sport Premium through the school council.

Having moved into our new school building in February 2015, we continue to develop our outdoor area and specifically our playground. As a result of this, we have once again used a significant amount of the PPSP to contribute towards purchasing additional equipment that can be used both at playtimes and lunchtimes. Approximately 25% of the PPSP is being used in this way during this academic year. Additional funding from the Friends of Bentham School is also contributing towards this.

For the 2017 to 2018 academic year, there is a new condition requiring schools to publish how many pupils within their year 6 cohort are meeting the national curriculum requirement to swim competently, confidently and proficiently over a distance of at least 25 metres, use a range of strokes effectively and perform safe self-rescue in different water-based situations.

In 2017-2018, 10 out of 12 Year 6 children met the national curriculum requirements outlined above. The two children who didn't have been offered, and have taken up, the opportunity to receive a further 10-week block of swimming lessons. We have used the Primary PE and Sport Premium to provide additional provision for swimming, this has enabled children to progress **beyond** the national curriculum requirements.

*****The Evidence/Impact column and Sustainability/Next steps column will be completed at the end of a particular project and/or at the end of the year when the provision is evaluated.***
